## EDUCATION.

**2024 – 2028** **ILMA University** **Karachi, PK**  
*Bachelor of Science (BS), Major in Software Engineering (Evening)*

## PROFESSIONAL SUMMARY

I am a motivated Full Stack Web Developer with expertise in **JavaScript**, **React.js**, **PHP**, **Laravel**, **MySQL**, **Bootstrap**, and **GSAP**. I specialize in creating **responsive, user-friendly web applications** with efficient **backend systems** and smooth **UI animations**. With strong **problem-solving skills** and a passion for **learning new technologies**,

## WORK EXPERIENCE

### 1. Internship | PHP Laravel Developer

#### ZAapps Consulting

Successfully completed a PHP Laravel development internship, where I contributed to building and enhancing web applications, integrating RESTful APIs, and optimizing MySQL databases. Collaborated with senior developers in applying MVC architecture, version control with Git, and debugging techniques to ensure robust and scalable solutions.

## PROJECTS

### 2. Ecoverse – [GitHub](#)

#### June 2025 | PHP, MYSQL, Bootstrap, GoogleOauth2, Stripe-based payment

Designed and developed a complete e-commerce platform as a solo developer using PHP and MySQL, featuring secure Google OAuth login, Stripe-based payment processing, real-time stock level tracking, and personalized user profile management. Focused on building a responsive, user-friendly interface and robust backend to streamline the full shopping and order lifecycle.

### 3. Soul Verse – [GitHub](#)

#### March 2025 | React, Redux Persists, GSAP, Bootstrap

Developed a mood-based Quranic Ayah recommendation app using React that suggests relevant verses from the Quran based on the user's emotional state. Implemented an interactive UI and dynamic recommendations to enhance user engagement.

### 4. Hair-Care – [GitHub](#)

#### November 2024 | React, Redux Persists, GSAP, Bootstrap

Built a modern, responsive e-commerce website using React, Redux, and React-Persist for state management and cart persistence. Implemented product listing, filtering, shopping cart, and checkout UI flows. Designed for seamless user experience with real-time updates and consistent state across page reloads.

## TECHNICAL SKILLS

- Languages:** JavaScript, PHP, C, C++, HTML5, CSS3
- Frameworks:** Bootstrap, Tailwind, Laravel
- Libraries:** React, Redux, GSAP
- Databases:** MySQL
- Developer Tools:** Git, Github

## ACHIEVMENT

- Awarded “Project of the Month” twice** at Aptech Exhibition for leading the creation of two standout web platforms – **Hair-Care** and **Ecoverse** – recognized for innovation, usability, and technical excellence

## SOFT SKILLS

- Explorer, Working in Collaborative Environment, Lifelong learner
